1 BACKGROUND

South West Water is applying for a drought permit under section 79A of the Water Resources Act 1991 ("WRA 1991") to make temporary amendments to abstraction licence 15/48/018/G/118/R01 as issued on 30 January 2018 ("the Licence"), relating to abstraction from Park Lake for the purposes of replenishing the storage levels at Colliford Reservoir.

1.1 The drought permit application documents

This document is part of a suite of documents which form the application for the drought permit as set out in Table 1. The structure and contents of the documents follows the requirements set out in **Appendix E** of the EA guidance on drought permits and drought orders ("**The Drought Permit Guidance**"), which was issued in 2019 and revised in 2021, with some adjustments to the sequence of documents / sections.

Table 1 Document structure for drought permit application

Documents: Drought Permit Proposals		
1	1.1 1.2 1.3 Appendix 1 Appendix 2	Description of Proposals Draft Permit Drinking Water Services Report 2022 – Operations Supporting Evidence Park Lake Abstraction Licence National Security Notice

2 PUBLIC NOTICES

2.1 Publications

A Public Notice is to be published in the following publications on 2 November 2022:

- ❖ London Gazette
- ❖ Western Morning News
- ❖ Daily Express

The notice informs the general public about the drought permit application and provides details of where the application documents may be accessed: either online, or in hard copy at three locations, and sets out how representations or objections may be made to the drought permit.

The notice is included as Appendix 1.

Lanlivery Parish Council
Fowey Town Council
Broad oak Parish meeting
Bocconoc Parish Meeting

On 31 October 2022 all stakeholders listed in the table above were notified by email of the intent to apply for a drought permit to adapt how we manage water in the Colliford Water Resource Zone (“**WRZ**”), following the period of prolonged dry weather.

The email invited stakeholders to attend a briefing event and Q&A session on Thursday 3 November 15:00 to 16:00, which will explain the terms of the proposed permit and the need for the same, in order to increase understanding and alleviate any concerns.

The email is detailed in Appendix 2.

Stakeholders were encouraged to register for the session on Eventbrite.

3.2 Notices to MPs

North Cornwall MP Scott Mann was informed of the planned application on 2 November 2022.

Notices to protected persons

Protected persons are those protected under any Licence order or enactment.

There are not any in this instance, however as a courtesy we have included the Fowey Harbour Commissioners.

The Fowey Harbour Commissioners also received the email and the invitation to join the online briefing.

4 DESCRIPTION OF ARRANGEMENTS FOR PUBLIC INSPECTION

Paper copies of the drought permit application documents are available for public inspection for seven days from 2 November 2022 at the following locations:

- ❖ South West Water Head Office, Peninsula House, Rydon Lane, Exeter, EX2 7HR (9am – 5pm Mon-Fri).
- ❖ Sir John Moore House, Omaha Road, Bodmin, Cornwall, PL31 1EB (9am – 5pm Mon-Fri).
- ❖ Dobwalls Post Office, Duloe Road, Liskeard, Cornwall, PL14 6LJ (8:30am-5pm Mon-Fri, 9am-5pm Sat).
- ❖ The documents are also available on the South West Water website at: <https://www.southwestwater.co.uk/advice-and-services/save-water/hosepipeban/>

5 CONSULTATION COMMENTS

The online briefing session for stakeholders will be held on Thursday 3 November, 10:30-11:30am.

A summary of the any discussion and questions asked can be supplied to the Environment Agency.

An additional briefing with (“NE”) was held on Tuesday 1 November to ensure that relevant NE colleagues were fully aware of the application and timeline for participation.

6 DETAILS OF OBJECTIONS

No formal objections have been raised at the time this document was published.
