

# Adoption of sewers - Stage 7: Variation of new sewerage system

## How to arrange for your sewers, pump stations and other components to be adopted by South West Water

### Stage 7: Variation of new sewerage system

This stage is designed to confirm any variations requested to the design of a system once Technically Acceptance or Conditionally Acceptance has been granted.

*Note: any variations which do not impact on the network hydraulics can be agreed by contacting your Adoption Coordinator and recorded on the 'As-Built/Constructed plans. All other variations will be dealt with by formal re-submission.*
