

Form A6 - Variation of new sewerage system

Adoption of sewers (Section 104 Water Industry Act 1991)

Developer Designed and Constructed Sewer Diversion (Section 185 Water Industry Act 1991)

Design and Construction Guidance

Work Request:

Please tick scheme type(s)

Development:

Section 104 (adoption)

Section 185 (diversion)

This stage is designed to confirm any variations requested to the design of a system once Technically Acceptance or Conditionally Acceptance has been granted.

Note: any variations which do not impact on the network hydraulics can be agreed by contacting your Adoption Coordinator and recorded on the 'As-Built/Constructed plans. All other variations will be dealt with by formal re-submission.

Information required to allow us to carry out a Variation Assessment:

Already provided Enclosed

- Proposed variation information is in accordance with sector guidance
- Supporting legal documentation
- Health and Safety information
- Risk assessment and method statement
- Manufacturers details

Once we have received all relevant information, we will contact you to book an inspection. We aim to carry out the review within 7 days on receipt of the completed application.

Please complete the declaration below and return to the Sewer Adoption Team:
