

SL-N4 Notification of proposed service connection

This form should be used by Self Lay Providers (SLPs) to notify South West Water of when they propose to connect services. The form must be received by our New Connection Team 10 working days in advance of the first proposed connection date. Multiple forms can be completed and submitted at once.

This form should be either:

- emailed to DeveloperServicesSelfLay@southwestwater.co.uk
- posted to New Connections Team (Water) , South West Water, Peninsula House, Rydon Lane, Exeter EX2 7HR

Service connections can only be carried out by the SLP if the connection charges for the plots listed below have been paid in advance. If payment has not been received the service connection will be refused.

Work Request Number

Date sent to South West Water

<p>1. Contact details and site address</p> <p>Self Lay Provider (SLP) name:</p> <p>Site Contact name:</p> <p>Site Contact telephone number:</p> <p>Developer name:</p> <p>Site address:</p> <p>Site post code:</p>

<p>2. Plumbing contractor details</p> <p>Please provide the following details for the contractor(s) who will install the internal fittings and the external supply pipe:</p>

Is the plumber approved? Yes No	Yes No
Name of approved scheme:	Name of approved scheme:

Scheme registration number:

Scheme registration number:

3. Connection dates

Actual connection dates must be provided not week commencing or possible dates. These dates are used for South West Water to arrange trench inspections. Inspections will normally take place within two working days of the connection date; however you may backfill on the day of the connection in the event we have not been able to carry out an inspection

Plot number/ name	Connection date	Postal address	Postcode
